Board Approves Lions Integration Into Cub Scouts Program

Recognizing the success of the national Lion pilot program, the Boy Scouts of America's Board of Directors has approved integrating Lions into the Cub Scout program empowering chartered partners with packs to offer the experience to Kindergarten-age children nationwide.

Integrating the national Lion pilot into the Cub Scout program enables chartered partners, along with the adult leadership in the pack, to offer the program to Kindergarten-age children, which families have requested and appreciated in markets where the pilot was offered to date.
